The data entry screens in Maxus StaffLink make it so easy. Just type a person's details, using drop lists and simple navigation, then click the Save button!

Maxus StaffLink's screen designs are clean and modern. They range from a simple view showing email and phone contacts through to a comprehensive display screen showing as much detail as you choose.

**Maxus StaffLink:** available for both DB/TextWorks® and CS/TextWorks (version 9.00 or higher).

**Maxus StaffLink** comes with screens for use in the web environment with *WebPublisher PRO*.

Available only from Maxus Australia and the network of local Maxus representatives.

#### About Maxus

Maxus Australia provides information management software and consulting services to a wide range of organisations across Australia, in the SE Asian region and elsewhere. Our consultants are the leaders in their field, with extensive information management and software experience, and specialise in programming, scripting, design, database set up and training. We believe that the Inmagic software range is the best on the market today and it is our software of choice when establishing and installing successful information management systems for our clients. There are over 2,000 satisfied Inmagic users in Australia and more than 50,000 users in 57 countries around the world.
